Overview

Luxury Villa Selene is a newly built contemporary villa for the Aegean fanatics, combining modern Cycladic aesthetics, bohemian vibes, natural materials and a rare to find set of amenities, ideal for families or a big group of friends.

The residence is located on a secluded slope at the northern coast, exploiting to the utmost the unique natural features of the protected landscape and offers its guests hard to find privacy and relaxing vistas.

The white washed facades coupled with the natural tree surroundings and the stunning sea view, create the perfect setting for a peaceful stay and a memorable vacation. The overall experience is further enhanced from the high end amenities and appliances integrated with a Smart Home System assuring luxury living.

Split in three levels, this mega villa can accommodate up to 12 guests in various modern accommodation options; a perfect villa for a large group or a family vacation. Its outdoor dining area and the infinity pool, are a rather realistic extension of the bright blue waters that dominate the views.

Luxury Villa Selene promises the vacation of a lifetime. Guests can feel that anything is possible, and we'll do our best to make it happen. A luxury villa offering a ticket to exclusivity, privacy and bespoke services from the moment you step on the island until your very last day of vacation.
